MyNetwork

THE CREATOR-FIRST SOCIAL PLATFORM

Blockchain-Powered • Direct Payments • Token Rewards

Seed Funding Round • 2026

THE PROBLEM

Creators Are Being Exploited

30-50%

Platform fees taken from creator earnings

30-90 Days

Delayed payouts lock up creator revenue

0%

Creator ownership of their audience data

Algorithm Manipulation

Platforms optimize for ad revenue, not creator success

Data Harvesting

Users are the product, sold to advertisers

Platform Lock-in

No portability — lose your audience if you leave

Ad-Dependent Revenue

Income fluctuates with ad market, not quality

OUR SOLUTION

MyNetwork Flips the Model

Direct Payments

Wallet-to-wallet transactions — creators earn more

Instant Settlements

No 30-90 day waits — get paid immediately

User Rewards

Earn MYNW tokens for sharing content

Intent-Driven Discovery

Algorithm based on actions, not engagement tricks

Zero Ads

No advertising, no data harvesting

P2P Delivery

Decentralized content delivery at scale

YouTube + TikTok + Instagram functionality — powered by blockchain

Global Creators

23.3%

Annual CAGR

Market Tailwinds

- ✓ Tokenization of digital economies accelerating
- ✓ Creator backlash against platform fees growing
- ✓ Web3 infrastructure maturing for mainstream
- ✓ Gen Z prefers direct creator-fan relationships

At just 0.1% capture = $250M annual GMV potential

HOW IT WORKS

Simple for Creators, Rewarding for Users

1 **Create**
Upload videos, music, courses

→

2 **Distribute**
P2P network via seeders

→

3 **Monetize**
Direct wallet payments

→

4 **Reward**
Earn MYNW tokens

For Creators

- ✓ Sell subscriptions to private channels
- ✓ Sell music, videos, courses, products
- ✓ Track sales and transfer to bank
- ✓ Keep more of every dollar earned

For Users

- ✓ Pin content to become a seeder
- ✓ Earn MYNW for bandwidth served
- ✓ No ads, no data harvesting
- ✓ Own your data and recommendations

BUSINESS MODEL

Multiple Revenue Streams, No Ads

Subscriptions (50-60%)

Free, Blue $20/mo, Gold $50/mo, Black $100/mo

Transaction Fees (20-25%)

2-3% on sales, 1-2% on tips (vs. competitors' 8-50%)

Priority Placement (10-15%)

Premium subscribers get 10% algorithm boost

Enterprise API (5-10%)

B2B revenue from brands and agencies

Target Unit Economics (Year 2)

P2P Margin Advantage

Users serve bandwidth as seeders, reducing CDN costs. More users = lower costs per user.

0% Creator Fees

vs. YouTube 45% • TikTok 50% • Patreon 8-12%
